

To Residents of NY's Second Congressional District

**"Let us remember: what hurts the victim most is not the cruelty of the oppressor but the silence of the bystander."**

**-Elie Wiesel**

*Congressman Steve Israel invites you to a "Congressional Town Meeting on Darfur." Hundreds of thousands of innocent people have been murdered and millions have been displaced in this genocide. To learn what our nation can do, join school children, business leaders, clergy and elected officials for remarks by a Darfur refugee, a documentary film, and a Town Meeting with Congressman Israel.*
